

Windows 8 - How do I add Ciniki to my start bar?

To create a shortcut to Ciniki in your Start Bar, follow the steps.

Step 1 of 5 - Open your web browser

Open Internet Explorer, which should be along the bottom of your screen.

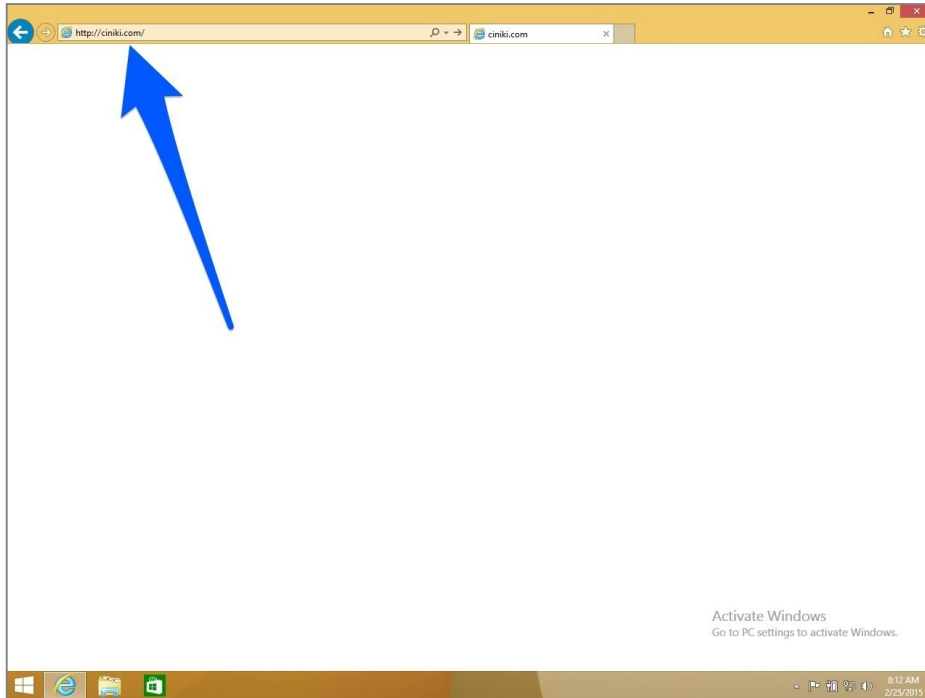

You can also use Chrome or Firefox if your prefer.

Step 2 of 5 - Open <http://ciniki.com/manager>

Enter <http://ciniki.com/manager> in the address bar and press enter.

Step 3 of 5 - Click and hold on the icon

Click and hold on the ciniki icon in the address bar. Hold the left mouse button down while you drag to the taskbar at the bottom of your screen.

Step 4 of 5 - Drag the icon

Continue holding the left mouse button down, and drag the icon to the taskbar at the bottom of your screen. The icon will change to include the Pin to Taskbar.

Let go of the mouse button and the icon will stay in your Taskbar.

Step 5 of 5 - Done

You should now have an icon in your taskbar. You can click on this anytime you want to open Ciniki.
